

Veterinary Referral & Emergency Center

318 Northern Boulevard | South Abington Township, PA 18411 | 570-587-7777 | vrecpa.com

Veterinary Referral and Emergency Center (VREC) is currently in search of driven, good humored, and compassionate small animal clinicians to join our great family. We are actively searching for clinicians to grow our Surgery, Internal Medicine, and Emergency departments but also seek clinicians for Dermatology, Neurology, Oncology, Cardiology, and Ophthalmology departments. While preference is given to internship-trained and/or experienced applicants, we offer mentorship opportunities for the right candidates.

Why VREC?

- **Proudly veterinarian owned**
- **24/7 facility currently offering emergency, critical care, internal medicine, surgery, neurology, cardiology, and rehabilitation services** – with plans on expanding our services in the near future
- **No primary care services; we focus entirely on purpose-driven emergency and referral care**
- **Only 24/7/365 on-site MRI in the northeast**
- Equipped with new monitoring equipment, in-house labs, digital radiography (with dedicated radiologists available for consultation), ultrasound, endoscopy, mechanical ventilator, telemetry, complete nuclear medicine capabilities
- Team-focused approach; work alongside fellow clinicians, licensed technicians, and dedicated support team
- **Inclusive, social, and collaborative staff and working environment**
- Centrally located in an affluent suburb in beautiful Northeastern PA

What sets us apart?

- **We are** an established, growing facility with plans for an expansion to better serve the community
- **We let you choose a benefits package that fits you and your lifestyle**
- **We understand the importance of work/life balance and flexible scheduling**
- **We offer growth, learning, and mentorship opportunities**
- **We believe in a social and supportive environment that uses open communication**
- **We believe in supporting the community:** we donate and participate in local charitable events and good causes
- **We believe in giving back to the community:** we offer active duty K9 and rescue organization discounts and operate a fund (Angel Fund) to provide financial assistance to pets when their owners are financially strained

What we offer:

- **Signing bonus**
- Student loan reimbursement/assistance
- **Moving reimbursement/assistance**
- **Allowance for continuing education and membership dues**
- **Medical, dental, optical, and disability benefits** – available within 30 days from date of hire
- Paid time off
- **401K with MATCH**

- Access to financial advisor
- Parental leave
- Pet care and pet feeding staff discounts

Why Northeastern PA?

- Low cost of living gives large discretionary income; get more for less!
- Affordable rural, suburban, or city housing
- Quick access to major highways and regional/international airports
- Vibrant art and cultural scenes
- 200+ restaurants, cafes, bakeries and farmers markets within 20 miles
- 80+ breweries, pubs, and wineries
- Nationally-ranked amusement parks, water parks, and entertainment venues
- Minor league MLB and NHL teams and NASCAR track
- Beautiful, lush landscape with dozens of state and local parks and plenty of walking, hiking, and biking trails
- Skiing, golfing, fishing, and outdoor activities for all four seasons
- Blue Ribbon schools, 15+ college and universities, and medical school

Requirements

- For **Emergency** clinicians: DVM (or equivalent) from accredited university and a license in good standing.
- For **Referral** clinicians: DVM (or equivalent) from accredited university and a license in good standing. Residency-trained or board-certified applicants.

What our clients are saying:

"The care and professionalism showed by the entire staff was nothing short of amazing. We are forever in their debt and will never forget the compassion and comfort extended to us."

"Your staff are very professional and compassionate. I work in healthcare but could never do what the staff does on a daily basis."

"Good and honest people, which is very important."

"From the time I walked in until the time I left, everybody was super sweet and super compassionate with my dog."

"Staff was very concerned and therapeutic not only with my dog, but also with me."

"The service was remarkable; the staff truly cares about animals and their owners."
